### Brief Report

#### **REPORT OF WORLD WATER DAY—21-22<sup>ND</sup> MARCH 2018**

World Water Day was celebrated on 21<sup>st</sup>- 22<sup>nd</sup> March 2018 by IEI, Faridabad Local Centre.

A **Painting Competition** , on the THEME of “ Nature for Water “ was organized on 21<sup>st</sup> March 2018 at Government Polytechnic College for Women, Faridabad where Ms. Kiran Chander, Chairperson – M/s TECHNO UDYOG , Faridabad , was the Chief Guest.

In this competition , over which 97 entries were received. Out of these, 10 selected entries were displayed at the venue, and 3 best entries were selected. The function was attended by about 120 members including members of IEI Faridabad Local Centre and faculty of Government Polytechnic College for Women, Faridabad.

The **Technical Session** for World Water Day was organized on 22<sup>nd</sup> March 2018 at K Hotel Faridabad. The event was attended by 31 members. The function was inaugurated by lighting the lamp of knowledge by **Mr. Subhash CHANDER, Mr. Sameer Kumar, Mr. K.K. Narula, Ms. Kiran Chander.**

Chairman **Mr. Subhash CHANDER** in his opening address gave brief background of World Water Day, and mentioned that U.N. has declared Year-2018 as NATURE FOR WATER. He stressed the need to Conserve water and use it judiciously, so that all of us can have Clean and Fresh Water availability all the time.

**Dr. Pradeep Kumar , Associate Professor, YMCA** during his speech mentioned about the Conservation of water in the medieval period. He emphasized in his speech that healthy ecosystems are important to secure water supplies, while water supplies to maintain healthy ecosystems are critical.

**Mr. I.S. Chauhan , Architectural and Structural Consultant** shared that green infrastructure and grey infrastructure play an important role in water management. Green Infrastructure refers to strategic use of networks of natural lands, working landscapes to conserve ecosystem whereas grey infrastructure refers to human engineered infrastructure for water resources such as water and waste water treatment plants, pipelines and reservoirs.

**Er. Sameer Kumar, Convener, Technical Committee** emphasized that awareness is needed about the importance of proper utilization of water. He mentioned that Cape Town could become first major city in world to run out of water after 90 day warning. He stressed upon 5 water saving tips.

Commendation Certificates and medals were awarded for the first three best entries of Painting Competition.

**Mr. Sameer Kumar, Convener, Technical Committee** concluded the session with Vote of Thanks and expressed his gratitude to all participants, including the Students of painting competition. He emphasized for the collective Pledge that, we all should endeavor to put in our best efforts to conserve the precious Resource, so as to inherit Clean and Fresh water for our next Generation as a basic necessity, for improved and healthier living, by avoiding Water Pollution and Wastage.
